Minimum Requirements for Consideration

General: Experience, education or training which indicates the candidate can reason in quantitative terms, communicate orally and in writing in a clear and concise manner, understanding the terminology and data pertaining to the repair operations and processes characteristics of the production activity.

Specialized: 12 months experience in the knowledge, skills and abilities (KSAs) as listed below. Such experience is gained in a line of work similar or closely related to the work of the position to be filled. A maximum of 12 months of the required experience may be substituted by successful completion of undergraduate study in an accredited college or university at the rate of 30 semester hours for 12 month experience. The education must have been in fields directly related to the type of work of the position to be filled:

- Knowledge of production control procedures and operations sufficient to collect, compile, correlate, and maintain production data.
- Skill in using Standard Army Management Systems Enhanced (SAMS-E) and Microsoft automation programs to input data, requisition and track repair parts status, and track funding of purchases to follow up on production schedules.
- Skill in monitoring the progress of work, making adjustments in maintenance repair priorities, and preparing reporting data to resolve backlog problems as they arise.
- Ability to make judgments used to select and apply available guidelines and technical data from policies, regulations, and processes; and to make minor deviations to work situations to enhance mission accomplishment.

Compatibility Requirements

Selected individual must be assigned to a compatible military position in the following MOS within 90 days of effective date of hire: Enlisted: CMF 91, 92, or 94. Military grade inversion within the full-time work force is not permitted. The military grade of the full time supervisor must equal or exceed the military grade of personnel supervised.

Experience Evaluation

All applicants who meet the minimum requirements for consideration will be further rated and ranked on their experience related to the knowledge, skills and abilities (KSAs) stated in minimum requirements for consideration above. These KSAs are those considered essential for successful performance in the position. The application and Official Personnel Files, when applicable, will be used to gather job-related background data to be used in the KSA evaluation process. Should you desire to address any or all KSAs, describe in writing the extent and nature of your experience and attach this material to your application.

Evaluation Methods

Each applicant considered to possess the minimum qualification requirements will be further evaluated in accordance with the procedures outlined in SDNG Technician Pamphlet 335-T.
